This Joint Statement does not create any legal obligations under international or domestic law. When one fails, another can fulfill the same function. Was it not necessary that in the empirical analysis and in the immediate study of the causes and the effects of certain definite phenomena, for example the phenomena of heat, the mind should first stop at this presumption and this persuasion, that it could and should attribute them to a subject, which if it was never for any physicist a true and substantial entity, was certainly considered as a definite and specific force, namely, heat. The essential question that guides our thinking about English teachers is this: Are students' reading and writing

development and relevant life experiences used to explore literary concepts.
